PAPER PRESENTATION

Event description:

While many of us claim to study, only a few can truly explore a subject in depth and effectively present their insights. In today's corporate world, presentations have become an essential skill. Those who aspire to achieve great success must start with small steps, and this technical paper presentation serves as that foundation. Its purpose is to evaluate how proficient we are in our respective fields.

Mode: Rules:

- The participants will be given 5 minutes for presenting their paper.
- Followed by 3 minutes of Q&A session from the participants and panel members

No. of rounds: 1

No. of participants per team: 3 Max

Participation criteria if any: Latest trends in Civil Engineering

Prize Details: Cash Prize

BRIDGATHON

Event description:

The goal of the game is to construct a strong and stable bridge using only ice cream sticks and glue. The bridge must support a specific weight without collapsing. Each player or team sketches a bridge design before building.

The design should consider balance, strength, and stability. Common bridge designs include truss, beam, arch, and suspension bridges.

Rules:

- Participants must design and erect a structure for a given span.
- The type of structure will be provided on spot.
- Materials and criteria will be provided on spot.
 Time Challenge: Players must build their bridges within a
- . limited time.
- Material Limit: Players get a fixed number of sticks to test resourcefulness.
- Longest Span: The winner is the one who builds the longest
- bridge that holds weight.

Participants maximum: 3

Participation criteria if any: Open to all

Prize money description: Cash Prize
